- New Jersey
- New York

## Biography

Tricia's background in health care administration gives her a unique perspective on the issues health care clients face every day. She assists health care and human services providers in a wide range of regulatory and compliance matters, including audits and investigations, self-disclosures, Medicaid and Medicare reimbursement issues, not-for-profit corporate governance, contract analysis and negotiation, and transactional matters.

Tricia also assists clients with health information privacy and security compliance, including drafting privacy and security terms in health care IT contracts and providing guidance regarding cyber risk liabilities and compliance with data privacy laws, such as HIPAA.
